COUNT every vote in every box or
wing.

TWELVE more days for work. Work
with a determination to win.

ARE you ready? The day of redemp-
tion is near at hand.

ELECTION DAY, November 2d—twelve
more working days. Keep the ball roll-
ing.

EARLY to the polls—break any line
that is formed for packing purposes—and
have a fair count and a FULL count.

THE Pilot has made peace with every-
body but Pease, Wells and Harris. These
honorable are not allowed a part in the
hand shaking.

It is a part of the history of the peace
conference and agreement that ought to
be known and remembered that the
black militia were opposed to the set-
tlement between Gov. Ames and the
white citizens, by which blood-shed, and
probably federal interference, were avoid-
ed.

It would seem that the dreaded South-
ern Ku Klux are not to enjoy a monopoly
in the slaughter of the nation's wards.
The N. Y. Tribune has a report headed
"A pleasure party of colored people
killed by white ruffians in the city of
"Brooklyn." Oh, fie!

We are sorry to find some of the ne-
groes murmuring and dissenting from
the peace compact—a compact very fair
and just. Do these colored heroes want
a war of races? Are they tired of liv-
ing? Are they quite sure that their legs
might not carry them out of the struggle,
should it arise?

Fair Warning.

We hereby give notice to all Registrars,
Inspectors, and Clerks of Election, that
if any of them have accepted, or are
going to accept, the positions with the
intention of working for the Republican
party, and not the State, they had better
forego that intention, or decline the po-
sitions they hold. The Democrats and
Conservatives intend to have a majority
of the votes in the boxes, AND THEY IN-
TEND TO HAVE THE VOTES COUNTED
AND RETURNED AS THEY WERE PUT IN
THE BOXES. REMEMBER THAT AND
MAKE A NOTE OF IT.

Another Carpet-bag Official comes to Grief.

The Greenville Times states that the
appointment of L. T. Webber as chief
Deputy-Sheriff of Washington county
has been revoked, "in consequence of
"Webber's fraudulent practices in tax
"collecting." The Times states that all
approve his removal; and that "even
"District-Attorney Clarke expressed
"himself as having no tears to shed, say-
"ing, 'that it was the odium of Mr.
"Webber's action that was now weigh-
"ing down the Republican party in
"Washington county; the responsibil-
"ity being attached to the present
"ticket."

Smelling a Mice.

It looks as if the cunning Rads. in
Warren who attempted to conciliate
the Democracy and make the way easy,
for themselves, by endorsing Capt. Flan-
agan, the Democratic candidate for Sher-
iff, had overreached themselves. The
Democrats are evidently not propitiated;
and the Radicals not in the ring, evi-
dently have smelt a mice. The Pilot
says:

"The Warren county Republican tick-
et is a good thing, if it works in good
faith. But will it?"

And then it copies from the Plaindealer,
the colored man's Republican organ,
as follows:

"There was unquestionably a ring
formed to such an extent that the whole
convention was tossed and jostled to suit
a few. We will have something to say
in relation to this matter after awhile,
which will be pleasing to the ear, but
hurting to the eye."

The Republican Fight in Tallahatchie.

On Friday the 8th inst., a serious diffi-
culty and shooting affray took place upon
our streets in which ten white Republicans
were engaged upon the one side and a
color line negro Radical on the other.—
News.

Blackwell the colored Radical who was
engaged in the fight and was shot to death
almost, and barely missed contributing
his portion to the negro lives which, ac-
cording to Gov. Ames, are needed for
the good of the Republican party—has
published a statement of which the fol-
lowing is an extract:

I am now, and always have been a
true Republican, but I regard the men
now in office in this county as traitors to
their race, and they are only using us as
a means to keep in office. We should
disregard them, and elect men of our own
color to office.

They are our friends when they want
our votes, but when danger comes they
are not there. I make this statement
voluntarily, for the benefit of my race.
Very respectfully,
J. W. BLACKWELL.

Still They Come.

We are reliably informed that Judge
Cuney, the only white man who was a
member of the Radical Club at Terry,
has cut loose from it and joined the De-
mocratic club. A number of colored
Republicans had already set him the
good example.

Patriotic Action.

The Canton Mail publishes an agree-
ment signed by all of the merchants and
business men in that city not to open
their stores on election day. We learn
from Hon. H. M. Street that a like agree-
ment has been made by the merchants of
Booneville.

MISSISSIPPIANS, the highest privilege
of an American freeman is the ballot.
To throw out your vote, either singly or
by the box, is to disfranchise you.
Will you submit to being disfranchised?
We know you will not.

Howe's Tool.

Recently we copied from the Grenada
Republican, an official Republican organ,
a charge, that Howe's motive in import-
ing the dapper little mulatto, Settle, from
Washington City to take the office of
District Attorney, in Mark Brady's place,
was to secure a dismissal of the proceed-
ings against him for embezzling monies
belonging to Panola county. A Wash-
ington correspondent of the Vicksburg
Herald gives some further information
about this fellow Settle:

Settle is a little yellow fellow, very
tricky, and has a flippant tongue but no
depth of thought, and is calculated to de-
ceive the blacks of the Twelfth District.
It is an easy matter to account for the
difficulties which occur in your State
from time to time, when such demagogues
not known to the people of the State, after
having helped to plunder the District of
Columbia, can get a nomination before
he is located there more than three
months. This J. T. Settle has no record
here, only that of being used as a tool by
Shepard. The ring papers here had no
further use for him, hence Joe has been
compelled to seek a new field in order
that he may practice his teachings receiv-
ed under the Board of Public Works of
the District of Columbia. Every tax-
payer of the Twelfth Judicial District of
Mississippi should exert his influence to
put this man where he belongs, for he
was schooled in the house of corruption.
Poor Mississippi! It is hard to be com-
pelled to shelter the like of Settle in of-
fice.

A REPUBLICAN.

The court house has been cleaned out.
—Holmes County Republican.

So far so good. The people intend to
give it another and more thorough clean-
ing on the second day of November.

We are forced to the necessity of em-
ploying every lawful advantage our
position gives us.—Warner on Regis-
trars.

If that means throwing out Democratic
votes or boxes, we will be forced to the
necessity of employing every "lawful
advantage" that the right of protecting
our liberties gives us.

If the "breast and back" process is
tried at the polls—break the line. Cost
what it may, break the line, and go pre-
pared to do it. Desperate cases need
desperate remedies.

A VERY prominent Republican of this
city was heard to remark in private con-
versation yesterday that the Republican
party in this State had gone to the
"where the woodbine twineth." That
the Rads. would not carry more than
half a dozen counties. We have known
that some time.

Who will also have the courage and
firmness to discharge their duties fear-
lessly, ESPECIALLY IN CANVASS-
ING THE VOTE AND MAKING
UP THE RETURNS.—Warner on
Registration.

In "canvassing," they had better re-
strict themselves to "counting," and in
"making up the returns," it will pay
them to return every vote that was cast,
regardless of the interests of the Repub-
lican party.

Chickasaw County.

An esteemed correspondent from
Chickasaw, writes:

"Everything is going lovely up here.
Featherston and Ham. Chalmers did us
great service. The State at large, and
our people especially, owe them a
great debt of gratitude for their able,
manly and patriotic services in behalf of
Democracy and good government.
Truly yours, etc.,
J. R. M.

Col. D. W. Rogers.

Mississippi Central]

Our worthy and gallant candidate for
Floater is doing yeoman service for the
cause of Democracy in this and Calhoun
counties. Wherever he goes he leaves
the impress of his zeal and energy upon
the minds of his hearers, and to his ex-
ertions may be traced, in a great degree,
the firm resolve of our people to win a
glorious triumph in the approaching con-
flict. If every candidate in the field
would work with the same earnestness
and ability that have characterized the
efforts of Col. Rogers, Radicalism in Ya-
lobusha county would soon be "a thing of
the past."

Grand Rally and Barbecue of the
Democratic-Conservative voters at this
place, on the 26 inst. Remember the
day.

A DEMOCRATIC Legislature means a
reduction of taxes.

How Attorney-General Pierpont Managed.

Washington Correspondent Chicago Times.

To satisfy his own mind of the actual
state of affairs in the State of Mississippi,
he disregarded both the statements of
Ames and his opponents. He selected
two of the most trustworthy employees of
his office, and directed them to proceed to
the State, keep their eyes and ears open,
and report to him the result, without fear
or political bias. These officers have
been in the State over ten days. They
represent that quiet and order reign, and
that no troubles are anticipated which
will necessitate the interference of either
Sheridan or De Trobriand. They have
been instructed to remain where they are
until the election is over. Judge Pier-
pont says he is determined to know the
truth as to the cause and intent of these
reputed periodical outbreaks. He does
not intend to be frightened by a scare-
crow, whether it be the shaking of a
bloody shirt or the threatening of a war
of races.

What Mr. Niles Favored.

"Sec. 2. No person shall be eligible to
any office of profit or trust, civil or mil-
itary, in this State, who * gave volun-
tary aid, counsel, countenance or encour-
agement to persons engaged in armed
hostility to the United States, or who
accepted or attempted to exercise the
functions of any office, civil or military,
under any authority or pretended Gov-
ernment, authority, power or Constitu-
tion, within the United States, hostile
or inimical thereto, except all persons
who aided reconstruction by voting for
this Convention, or who have contin-
uously advocated the assembling of this
Convention and shall continuously and
in good faith advocate the acts of the
same.

The above is one of the provisions of
that Constitution submitted to the people
of Mississippi for ratification and adop-
tion by that classical body known to fame
and infamy as the "Black and Tan"
Convention."—Carthaginian.

Hon. R. S. Hudson.

Yazoo Banner.]

The above named gentleman, who is
one of our standard bearers during this
campaign, as a nominee for the lower
house of the Legislature, delivered this
evening, according to appointment, one
of his most manly, oratorical efforts. Fair
and impartial were his statements of things
as they exist, yet terrible indeed was his
scourging of the flagrant violation of law
and justice to both races by the party
now in power. The Judge will do yeoman
service for our cause, as was evidenced
by the large audience of both blacks and
whites who were eager to catch his every
utterance.

EVERY!!

What the Grenada Radical Organ
says of One of the Shining Lights
of the Radical Camp.

Grenada Republican.]

As a slight addition to Avery's previous
record, we were informed that at the
Senatorial convention, held in Charleston
last Tuesday, he purchased four delegates
at ten dollars a piece; it was rather
cheap, Avery, but then you know how
it is; deny that and we will bring our
witnesses and, if they don't stand up to
the rack, we will acknowledge that we
have done you an injustice. We are as-
sured that the witnesses are reliable men,
else we would not mention it.

THE MISSISSIPPI DISORDERS.—If the
charges against Sheriff Brown, of Mis-
sissippi, that he has been inciting the
negroes to destroy the ginhouses belong-
ing to the whites, are true, he should be
punished.—N. Y. Herald.

They are unquestionably true, and
Brown, who is a carpet-bag negro, has
fled the county in order to escape the
punishment he deserves.

THE peace agreement meant a fair
count as well as a peaceful election. If an
attempt is made to throw out Democratic
boxes it will be a declaration of war. Let
those who make the declaration suffer the
consequences.

POSSIBLY the Pilot, which is so profuse
with compliments of T. W. Cardozo, can
inform an anxious public where that no-
torious individual is sojourning, at this
critical period in the affairs of Mississippi?
—Times.

THE infamous colored wretch, Sam
Wallace who committed the horrible out-
rage (rape) and murder (of an infant), in
Itawamba county, reported in our last,
was taken from the authorities at Ful-
ton Ferry, and after confessing the dou-
ble crime, was launched into eternity,
from the limb of a tree.—Examiner.

GRAND Rally of Conservatives and
Democrats at Jackson, Oct. 26th, 1875.
Do not forget the day.

SPECIAL TELEGRAMS TO THE CLARION.

Gen. West at Holly Springs.

HOLLY SPRINGS, Oct. 19.—Editors Clarion:
Gen. A. M. West, who has not appeared in
politics since 1860, by invitation addressed
his countrymen here last night. His speech
was doubly effective, as it came from a man
who spoke not as a partisan, but as a Mis-
sissippian. Ably reviewing the past, he
gave an impartial and eloquent opinion
against the corruption and wickedness of the
party in power, so touching was his appeal,
so earnest his language. So convincing his
reasoning, that his large audience grew wild
with enthusiasm, such a splendid effort did
great good. After he had finished speaking
twenty colored citizens added their names
to the already large Conservative Club at
this place. The fires are ablaze here, the
people are awake and everything is politics.
Scores of colored men are daily joining our
ranks. Tell the good news to our laboring
brethren; tell them old Marshall feels that
the victory must and shall be won. Prepara-
tions for the grand demonstrations of
Thursday night are immense. It is worth
miles of travel to witness the splendid pa-
geant.

Murder in Yazoo County—Pat- terson, a Negro Member of the Legislature, Kills Another Negro in his Bed.

YAZOO CITY, Oct. 19.—Editors Clarion:
A horrid murder was committed on Silver
Creek last night. Patterson, a member of
the last Legislature, shot and killed another
negro while in bed. They quarrelled the
day before, and exchanged shots. Patter-
son ran, but afterwards killed his antag-
onist in a most cowardly manner. His
friends swore he should not be arrested.
The negroes being numerous, it was thought
best to send to this city for assistance, and
a company left here this morning to arrest
the assassin. In all probability they will
do it.

L. F. ALFORD.

THE following appeal for relief from
our suffering friends at Pascagoula, who are
sorely afflicted with a yellow fever epidemic,
calls loudly for a response. In order that
our community may have an opportunity
of contributing to the relief of the suffer-
ers, we would suggest that the following
citizens be appointed to solicit aid: Rev. Dr.
John Hunter, Rev. C. B. Galloway, Isidore
Strauss, Esq.

PASCAGOULA, Miss, Oct. 19, 1875.
To Power & Barksdale, Editors Clarion:
Our resources are exhausted. Can your
citizens send us some money?
M. SMITH, Pres't Relief Ass'n.

WILL our people of this city heed the
appeal for aid from the suffering people of
Pascagoula, within the limits of our own
State? When Boston was destroyed by
fire a few years ago, they contributed lib-
erally.
